Roger Miller, a Railroader, Says He Was Waylaid, Robbed and Terribly Abused.

### HE LAY HELPLESS FOR OVER TWO HOURS

Declaring that he had been held up, beaten into a state of insensibility, robbed of a large amount of money and then left for dead, Roger Miller, a railroader, whose home is in the vicinity of Smith's Ferry, dragged himself into the water works pump house at about 9:15 Sunday night, and begged the assistance of Harry Davidson, night engineer at the plant. Mr. Davidson listened to the man's story and believing it undoubtedly true, gave him money sufficient to take him home. Miller was terribly bruised about the face and head when he appeared at the pumping station. He had a big gash on the top of his head and was bleeding freely from a dozen or more wounds. He said that he and a friend had been down in the city enjoying themselves during Sunday afternoon and early in the evening started to walk to the home of a friend a short distance this side of the station. Af-

ter walking a short distance the man who was with Miller concluded to board a street car and go home. He did so and Miller continued the journey toward the friend's home. Upon arriving at a very dark spot between the old Laughlin pottery and the Harker pottery, three men rushed at him and before he could get ready for an attack they had felled him with numerous blows about the head. This was about 7 o'clock and Miller lay unconscious until 9. He does not remember the looks of the thugs and could not identify them. When he awoke his head hurt him awfully and it was some minutes before he could realize what had occurred.

Searching his pockets he discovered that his money amounting to more than \$50 had been stolen and that he had been left absolutely penniless. Recovering sufficiently to walk, he

## POLICE REJECTED BY THE BOARD

Because of Insubordination Patrolmen Failed to Pass the Examinations.

### THEIR REFUSAL TO RING

The names of those who passed the police examination receiving a grade of 75 per cent or better, have been made public. There were nearly a score who took the examination and the successful ones number an even dozen. Among the latter are not found any of the names of the members of the present police force, who took the examination. This fact is causing considerable comment by the people generally and the rejected patrolmen are giving it considerable thought.

Many theories have been advanced as to why the four patrolmen, Dawson, Morris, Aufderheide and Dunn fell below the standard. The quartet of officers are conceded to be bright and intelligent along the lines of duty of a policeman to say the least. Why, then, did they fail to get a grade of 75 per cent, when there were others who have not had police experience, and who are not above the standard of the officers in education passed? After giving the matter much thought, the opinion has been expressed that the patrolmen were rejected because of their insubordination.

It will be recalled that the police-men, every one of them, refused point blank to carry out an order of the board of public safety several weeks ago. The order was for them to ring up at a patrol box every 30 minutes while on duty. In refusing to do this, it is thought the officers blighted their chance forever for appointment to a position better than the one held by them now. A member of the board stated this morning that the grades of the applicants were not made up by taking an average of the result of every question. He stated that if an applicant fell below 75 per cent in any one question he could not be placed on the classified list. If the board took into consideration the insubordination of the officers, they surely fell below the average on that point and were therefore rejected.

The result of the examinations follows:  
FRANK B. JOHNSON—Age 23; residence, 112 Ogden street; lived in Ohio 23 years; lived in East Liverpool 20 years; general average, 90 per cent; examined December 3.  
SAMUEL A. SHIPLEY—Age 25; residence 197 Mulberry alley; lived in Ohio 25 years; lived in East Liverpool 3 years; general average 93 per cent; examined December 3.  
JOSEPH DAVIS—Age 29; residence

109 Short street; lived in Ohio 29 years; lived in East Liverpool four years; examined December 3.

WILLIAM C. FINLEY—Age 33; residence St. George street, East End; lived in Ohio 18 years; lived in East Liverpool 18 years; general average 78 per cent; examined December 3.

JOHN W. WYMAN—Age 58; residence 298 West Sixth street; lived in Ohio 34 years; lived in East Liverpool 34 years; general average 97 per cent; examined December 3.

JOHN R. TURNBULL—Age 31; residence 350 West Third street; lived in Ohio 5 years; lived in East Liverpool 5 years; general average 93 per cent; examined December 3.

TEMPLE TODD—Residence 137 Jefferson street; lived in Ohio six years; lived in East Liverpool six years; general average 90 per cent; examined December 3.

THOMAS S. COLLINS—Age 40; residence 321 East Market street; lived in Ohio 32 years; lived in East Liverpool 32 years; general average 92 per cent; examined December 3.

JAMES W. MEAR—Age 36; residence 193 Jackson street; lived in Ohio 36 years; lived in East Liverpool 36 years; general average 78 per cent; examined December 3.

JOHN BEARDMORE—Age 35; residence West Market street; lived in Ohio 15 years; lived in East Liverpool 15 years; general average 88 per cent; examined December 3.

JOHN HESTER—Age 29; residence Lisbon street; lived in Ohio 18 years; lived in East Liverpool 18 years; general average 80 per cent; examined December 3.

JAMES S. HARGRAVES—Age 44; residence Pennsylvania avenue; lived in Ohio 30 years; lived in East Liverpool 30 years; general average 91 per cent; examined December 3.

## MURDER MAY BE REVEALED

The Fetid Waters of a Pool in the West End Believed to Hide the Ghastly Evidence of a Terrible Crime.

A determined effort is being made this afternoon by James C. Wallace, of 263 Eighth street, to unravel one of the most mysterious cases ever known in this city. If the suspicions of Mr. Wallace prove correct foul murder was committed a short distance east of the West End pottery within the last three weeks. He believes the victim to be now lying at the bottom of a cesspool into which the water of Tanyard run storm sewer empties.

Though his suspicions were aroused on Saturday night three weeks ago, Mr. Wallace did not conclude to ferret out the mysteries surrounding the case until this morning. The particulars of the strange affair have worked on his mind and he is now going to run it down at any cost. To a News Review reporter he told the entire story shortly after noon today and he believes that he will discover the dead body of a murdered man in the pool designated above before tomorrow

evening. Mr. Wallace said: "On Saturday night three weeks ago my son-in-law, Wilbur Denning, was lying on a cot in my house about half asleep. It was between 9 and 10 o'clock. He was aroused very suddenly by a loud cry for help. He distinctly heard a man celling and the tone of voice indicated that he was in terrible distress. A few minutes after fully awakened, Denning heard the voice again. This time the man shouted he was being murdered.

"Denning then rushed to the door and when he opened the door the man could evidently see him because he shouted: 'Please come over here. For God's sake, come quick! They are killing me.' Denning hesitated about going. He distinctly heard the man trying to talk and thought from the sounds that his voice was gurgled and that his last efforts were made while in the throes of death.

"I was up town at the time and when I arrived home I was told the story. I secured a lantern and with Denning

made a search of the spot from where the sounds came. It was directly above the cesspool. From the railroad track down to the pool was a path looking very much as if it had been made by persons in a scuffle. Dirt and other rubbish had been moved and I thought the man who was heard crying out had been dragged down the steep embankment and cast into the water. I am now positive from other facts recently learned that the man was murdered and is still lying in the bottom of the pool."

Mr. Wallace is of the opinion that the body would never rise from the bottom of its own accord. The water is thickened with dirt, dead animals and all kinds of offal and would not permit the body to come to the surface. The pool is very disagreeable to work about and being quite deep it will take some time to examine it thoroughly. Mr. Wallace will drain it this afternoon if possible and will then probe to the bottom for the supposed victim.

that all the goods ordered or for which they were in any way responsible were fully paid for.

After being out but about an hour the jury returned a verdict of \$576.62 for the plaintiff.

## LOOKING FORWARD TO RIVER IMPROVEMENT

Resolution to appropriate \$200,000 to estimate cost of nine-foot channel.

Washington, December 8.—A joint resolution directing the secretary of war to cause a survey to be made of the Ohio river from the Big Miami to the mouth was introduced by Representative Acheson, of Pennsylvania, yesterday. The purpose is to determine the sites for necessary locks and dams and to estimate the cost of a nine-foot channel. Two hundred thousand dollars is appropriated for the work.

The resolution is the same as that offered by Representative Bromwell, of Cincinnati, in the last congress. It will go to the rivers and harbors committee, and if the leaders of the house permit the preparation of a river and harbor bill, which is still a question, it will be made a part of it.

"I will do everything possible to get a river and harbor bill at this session," said Representative Acheson, "but here is a fact I have noted: Public sentiment in the Ohio valley has not yet reached the point where it demands the proposed improvement. I mean that the politicians have not yet made the improvement for an essential tenet of political faith.

"The talk about the improvement of the Ohio costing an unheard of sum is bosh. In proportion to the wealth of the country it will not cost as much as was spent on the national road from Baltimore to St. Louis."

## CONDITION DANGEROUS

Edgar Eagan, of This City, Underwent an Operation for Appendicitis at Trenton.

Edgar Eagan, whose parents reside in this city and who until a few weeks ago was employed in the office of one of the local potteries, is in a critical condition at a hospital in Trenton, N. J. The young man was operated on for appendicitis a few weeks ago, and though it was reported in this city at the time that he was very ill, stood the operation very well.

Within the past few days complications have set in and it is now thought he cannot recover. The parents here have been kept informed and yesterday received several telegrams announcing that he had suffered a hemorrhage and was gradually sinking.

## AN ARREST IS EXPECTED IN THE DYNAMITE CASE

Foul and Deliberate Murder the Object of the Outrage at Thomas Wern's House.

### CONCLUSIVE PROOF HAS BEEN OBTAINED

Enough evidence has been procured to cause the arrest of the man who attempted to dynamite the home of Thomas Wern at Fairview a few weeks ago and he will be apprehended at once. Investigation has brought out the fact that the plans of the perpetrators of the crime had been carefully laid and that Mr. Wern was not killed is little short of a miracle.

Mr. Wern and his son Frank were in Chester and East Liverpool today and the aged man was interviewed by a News Review reporter. Both he and his son are indignant over the reports circulated at the time of the explosion to the effect that there was some feeling between members of the family. They deny that there is anything but the most affectionate regard one toward the other, and are sure the stories sent out are a part of the scheme either to kill or ruin the reputation of Thomas Wern.

As soon as the old man was able to go about once more he, with other members of the family, instituted a systematic and careful investigation, and by dint of hard work and diligent inquiry succeeded in placing the responsibility for the dastardly outrage where it rightfully belongs. Suspicion rested upon one man, the only person in the entire community who could have had reason to dislike Mr. Wern. The actions of this man were traced and in a very short time strong evidence developed that he was the guilty party. He had a confederate, however, and it is because this person is not yet known that the arrest has been delayed. It was the latter who procured the dynamite. The explosive was purchased at a hardware store at Wellsville and later turned over to the former Fairview man.

## ANOTHER DEFEAT AT BASKET BALL

East Liverpool Beaten in Allegheny in a Rattling Game By 32 to 20 Points.

The fastest and best basket ball game of the season was witnessed last night at the Raleigh, in lower Allegheny, the contestants being the crack East Liverpool five, the champions of Ohio, and the Manchester team of the Allegheny County league. East Liverpool, says the Pittsburgh Post, was picked as the winner by the wise ones and, when they appeared on the floor with their big white sweaters, shooting the ball through the net on every attempt, it looked as though the home boys were to meet with another Buffalo experience. As the visitors play the A. A. U. rules and the Manchester team the National rules, it was agreed by the two captains to play the first half under the former rules and the second under the National. The officials were Little, of Manchester, and Zang, of East Liverpool.

Never was such officiating seen at Manchester. Not a single kick was registered by either captain throughout the game. As an example of how closely the two officials watched the perspiring gladiators, at least seven times the two whistles sounded simultaneously for the same offense. The lineup:

Manchester—Forwards, Seibel and Koch; center, Metzkes; guards, Graham and Burry.

East Liverpool—Forwards, Allison and Bloor; center, Rigby; guards, Watkins and Chadwick.

Goals from field—Seibel 6, Koch 4, Burry, Chadwick 3, Allison 2, Rigby, Watkins. Goals from foul—Graham 10, Chadwick 4, Rigby 2. Officials—Zang and Little. Scorer—H. Roth.

The preliminary was played by the Manchester Juniors and the Homestead third team, the home boys winning by the score of 28 to 11.

## ODD FELLOWS' LODGE

Holds Its Annual Election and Chooses Officials for the Coming Year.

At the regular meeting of East Liverpool lodge, No. 379, I. O. O. F., held last night, the annual election of officers was held. The attendance was unusually large, two candidates were initiated and the election resulted as follows:

Noble Grand, Thomas Harsha; vice grand, Charles Knowles; recording secretary, E. L. Bradfield; treasurer, George H. Owen; financial secretary, John T. Michael; trustee, Herbert Johnson; captain degree staff, George W. Croxall; lieutenant degree staff, Thomas Harsha; host, R. H. Till.

## TWO VICTIMS OF GOOSE PASTURING

Carl Waters Started to a Party But Was Assaulted and Shot.

### GIRL MYSTERIOUSLY HURT

With a bullet from a 32-calibre revolver imbedded in the calf of his left leg that cannot be found with the probes of the attending physicians, and suffering intense pain, Carl Waters, a 16-year-old boy, is lying at the home of his parents, Mr. and Mrs. J. T. Waters, of Mulberry street, the innocent victim of the old and over-orked vandalism known as "goose pasturing." Chief Wyman made an investigation of the affair this morning and as a result the boys' parents are to visit the mayor this evening. Upon the result of this visit hinges the fate of the assassins.

Young Waters left home after supper last night with some companions whom he says were Albert Yontz and Misses Cooper and Allen, all residents of the East End. They started for Thompson avenue, ostensibly to attend a party at the home of a Miss Thomas, but when at a lonely point along Pennsylvania avenue they were set upon by a number of persons with whom it had been arranged to do the goose pasturing. Waters, of course, sought safety in flight, and was fired at a number of times. The shot that struck him was fired before he started to run and the man who used the gun was only a few feet away. He could not recognize him, however.

The lad ran as far as the intersection of Mulberry street with Pennsylvania avenue, where he fell from exhaustion and was carried to the office of Dr. Grimes. The wound was dressed but the physician could not find the bullet. Another examination was made this morning by Drs. Grimes and Davis, but the ball was not located and it was thought best to let the wound heal as it is.

Miss Lottie Cooper, of Erie street, who, it is alleged, was one of the party with which Waters started out, appeared at the office of Dr. Mowen about 9:30 o'clock last night, suffering a gun shot wound to her right foot. The girl claimed it had been sustained by the accidental discharge of a revolver while she was sitting alone in her room. Two of the toes were broken and the wound is of rather a serious character.

Those who claim to know something about the goose pasture state that Miss Cooper is also a victim of the promiscuous shooting. In spite of her account of the injury, it is alleged that one of the bullets struck her foot after first hitting a stone along the road side.

## TURKISH POLICE ATTACK DAVIS

AMERICAN CONSUL AT BEIRUT LEAVES HIS POST.

Affair Is Regarded as a Grave Diplomatic Incident And Trouble May Result.

Constantinople, December 8.—(Special).—American Consul Davis has left his post at Beirut and the affair is regarded as a grave diplomatic incident. Davis was assaulted by the Turkish police as a result of his interference in behalf of an Armenian, who is a naturalized American.

Minister Leishman has made strong representations to the porte and the matter has been reported at Washington. Lisbon, December 8.—(Special).—Divorce was granted just before noon today in the case of Sadie Green, of East Liverpool, versus Joseph Green, the wife being given custody of their two children.

The petition said they were married in East Liverpool, December 6, 1891, and charged that for nearly a year past the husband has been guilty of extreme cruelty, beating and mistreating his wife until at times she was compelled to flee to the home of neighbors for protection. She alleged that he had also frequently threatened to kill her. The wife further charged unfaithfulness with one Etta Ferguson at New Castle, Pa., and one Lillie Potts, who, she said, was his wife. Mrs. Green said she did not learn of her husband's relations with other women until July 4 last, since which time she has not lived with him. Gross neglect and habitual drunkenness were charged.

## HACK DRIVERS WANT AN INCREASE

Ask for \$1 Per Trip Instead of 75 Cents, the Present Rate.

A union organization which seems to have escaped the attention of the public is that of the hackmen. Yesterday a strike of drivers occurred at the different livery stables, and especially at those where their services were required at funerals, wedding parties, etc. The men have heretofore received 75 cents for each service, but now have made a demand of \$1 per trip. The matter is now a subject of conference between the union and the livery men.

## LARGE ORDER FOR BABY CARRIAGES

Led to a Suit in Which Several Local Men Are Defendants.

CLAIM THAT \$1,197 IS DUE

Lisbon, December 8.—(Special).—When court convened yesterday afternoon the case of Harry Levi and Fannie Bloch, partners doing business in Philadelphia under the firm name of the Philadelphia Baby Carriage factory, against J. W. Young & Co., J. W. Young, D. E. McNicol, W. L. Smith and C. A. Smith, came on for trial to the jury. The hearing was still in progress when court adjourned last evening.

The plaintiffs brought suit for \$1,197 with interest from October, 1899, alleged to be due for a consignment of baby carriages. The petition alleges that the defendants, J. W. Young & Co., were in the business of manufacturing baby carriages and cut glass mirrors for baby carriages in the cities of East Liverpool and Wellsville at the time of the transaction of which this suit is the outgrowth and the individual defendants named were members of the partnership. It is alleged that in December, 1898, the plaintiffs entered into a contract with the defendant company whereby they agreed to manufacture baby carriages for the defendant, ornamental cut glass mirrors to be manufactured by the defendant and shipped to the plaintiff for insertion in the bodies of the carriages. These coaches were to be of different styles and prices and were to be shipped to the defendants at places designated by them. A number of shipments were made under this contract and finally on April 15, 1899, the plaintiff had on hand 108 coaches ordered by the defendants. It is alleged that on July 5, 1899, and that numerous other times before and afterward the plaintiffs asked the defendants for instructions as to where to ship these carriages but that the defendants neglected to give any further instructions concerning the disposition of the carriages. The plaintiffs allege that they are informed and believe that the defendants are no longer in the business of selling carriages and they further allege that the carriages ordered by the defendants have been stored pending instructions from the defendants as to what disposition shall be made of them. This storage from October, 1899, is alleged to be worth \$5 per month, which is included in the sum sued for. The plaintiffs allege that by reason of the neglect of the defendants they have been unable to carry out their contract fully and that they have been damaged to the amount sued for. In their answer, the defendants say

that all the goods ordered or for which they were in any way responsible were fully paid for. After being out but about an hour the jury returned a verdict of \$576.62 for the plaintiff.

## LOOKING FORWARD TO RIVER IMPROVEMENT

Resolution to Appropriately \$200,000 to Estimate Cost of Nine-Foot Channel.

Washington, December 8.—A joint resolution directing the secretary of war to cause a survey to be made of the Ohio river from the Big Miami to the mouth was introduced by Representative Acheson, of Pennsylvania, yesterday. The purpose is to determine the sites for necessary locks and dams and to estimate the cost of a nine-foot channel. Two hundred thousand dollars is appropriated for the work.

The resolution is the same as that offered by Representative Bromwell, of Cincinnati, in the last congress. It will go to the rivers and harbors committee, and if the leaders of the house permit the preparation of a river and harbor bill, which is still a question, it will be made a part of it.

"I will do everything possible to get a river and harbor bill at this session," said Representative Acheson, "but here is a fact I have noted: Public sentiment in the Ohio valley has not yet reached the point where it demands the proposed improvement. I mean that the politicians have not yet made the improvement for an essential tenet of political faith. "The talk about the improvement of the Ohio costing an unheard of sum is bosh. In proportion to the wealth of the country it will not cost as much as was spent on the national road from Baltimore to St. Louis."

## CONDITION DANGEROUS

Edgar Eagan, of This City, Underwent an Operation for Appendicitis at Trenton.

Edgar Eagan, whose parents reside in this city and who until a few weeks ago was employed in the office of one of the local potteries, is in a critical condition at a hospital in Trenton, N. J. The young man was operated on for appendicitis a few weeks ago, and though it was reported in this city at the time that he was very ill, stood the operation very well.

Within the past few days complications have set in and it is now thought he cannot recover. The parents here have been kept informed and yesterday received several telegrams announcing that he had suffered a hemorrhage and was gradually sinking.

## Meet to Organize.

## ANOTHER DEFEAT AT BASKET BALL

East Liverpool Beaten in Allegheny in a Rattling Game By 32 to 20 Points.

The fastest and best basket ball game of the season was witnessed last night at the Raleigh, in lower Allegheny, the contestants being the crack East Liverpool five, the champions of Ohio, and the Manchester team of the Allegheny County league. East Liverpool, says the Pittsburgh Post, was picked as the winner by the wise ones and, when they appeared on the floor with their big white sweaters, shooting the ball through the net on every attempt, it looked as though the home boys were to meet with another Buffalo experience. As the visitors play the A. A. U. rules and the Manchester team the National rules, it was agreed by the two captains to play the first half under the former rules and the second under the National. The officials were Little, of Manchester, and Zang, of East Liverpool.

Never was such officiating seen at Manchester. Not a single kick was registered by either captain throughout the game. As an example of how closely the two officials watched the perspiring gladiators, at least seven times the two whistles sounded simultaneously for the same offense. The lineup:

Manchester—Forwards, Seibel and Koch; center, Metzkes; guards, Graham and Burry.

East Liverpool—Forwards, Allison and Bloor; center, Rigby; guards, Watkins and Chadwick.

Goals from field—Seibel 6, Koch 4, Burry, Chadwick 3, Allison 2, Rigby, Watkins. Goals from foul—Graham 10, Chadwick 4, Rigby 2. Officials—Zang and Little. Scorer—H. Roth.

The preliminary was played by the Manchester Juniors and the Homestead third team, the home boys winning by the score of 28 to 11.

## ODD FELLOWS' LODGE

Holds Its Annual Election and Chooses Officials for the Coming Year.

At the regular meeting of East Liverpool lodge, No. 379, I. O. O. F., held last night, the annual election of officers was held. The attendance was unusually large, two candidates were initiated and the election resulted as follows:

Noble Grand, Thomas Harsha; vice grand, Charles Knowles; recording secretary, E. L. Bradfield; treasurer, George H. Owen; financial secretary, John T. Michael; trustee, Herbert Johnson; captain degree staff, George W. Croxall; lieutenant degree staff, Thomas Harsha; host, R. H. Till.

## TWO VICTIMS OF GOOSE PASTURING

Carl Waters Started to a Party But Was Assaulted and Shot.

GIRL MYSTERIOUSLY HURT

With a bullet from a 32-calibre revolver imbedded in the calf of his left leg that cannot be found with the probes of the attending physicians, and suffering intense pain, Carl Waters, a 16-year-old boy, is lying at the home of his parents, Mr. and Mrs. J. T. Waters, of Mulberry street, the innocent victim of the old and over-looked vandalism known as "goose pasturing." Chief Wyman made an investigation of the affair this morning and as a result the boys' parents are to visit the mayor this evening. Upon the result of this visit hinges the fate of the assailants.

Young Waters left home after supper last night with some companions whom he says were Albert Yontz and Misses Cooper and Allen, all residents of the East End. They started for Thompson avenue, ostensibly to attend a party at the home of a Miss Thomas, but when at a lonely point along Pennsylvania avenue they were set upon by a number of persons with whom it had been arranged to do the goose pasturing. Waters, of course, sought safety in flight, and was fired at a number of times. The shot that struck him was fired before he started to run and the man who used the gun was only a few feet away. He could not recognize him, however.

The lad ran as far as the intersection of Mulberry street with Pennsylvania avenue, where he fell from exhaustion and was carried to the office of Dr. Grimes. The wound was dressed but the physician could not find the bullet. Another examination was made this morning by Drs. Grimes and Davis, but the ball was not located and it was thought best to let the wound heal as it is.

Miss Lottie Cooper, of Erie street, who, it is alleged, was one of the party with which Waters started out, appeared at the office of Dr. Mowen about 9:30 o'clock last night, suffering a gun shot wound to her right foot. The girl claimed it had been sustained by the accidental discharge of a revolver while she was sitting alone in her room. Two of the toes were broken and the wound is of rather a serious character.

Those who claim to know something about the goose pasture state that Miss Cooper is also a victim of the promiscuous shooting, in spite of her account of the injury. It is alleged that one of the bullets struck her foot after first hitting a stone along the road side.

## Scrawny Girls

With Hollow Cheeks and Sallow Complexions May Again Be Plump and Rosy

Many girls have grown old and homely with the best part of life still before them. Something has gone wrong with the seat of life—the stomach.

Foods do not digest and consequently there is no new blood. The body becomes a furnace without fuel. It begins to eat itself. The tissues, the muscles, the strength built up in the past, now go to support life. The once beautiful and healthy girl becomes emaciated, angular, hollow checked and stoop shouldered. Her complexion is yellow and wrinkled. She is a soured old woman.

**Dyspepsia does all this.**

This terrible disease was always difficult to overcome, but we have at last found a positive and permanent cure—Rexall Dyspepsia Tablets.

Our new remedy supplies the one element, the lack of which in the gastric juices is the sole cause of dyspepsia. It stimulates the digestive organs to perfect action and enables them to extract the last particle of blood and health and strength from the food eaten.

Rexall Dyspepsia Tablets will tone up your system, quiet your nerves, make you sleep sound, show you the bright side of life, clear your complexion and give you the firm, plump flesh nature intended you to have.

We give you back your money if they fail to cure you.

Price 25 cents. Sold only at our store or by mail.

## Anyone can catch fish in California

Bait, a line, hook, rod and a little patience are all that are necessary.

There is good sport within a stone's throw of several of the largest hotels along the coast, but the best fishing is at Santa Catalina Island. Santa Catalina is the home of the tuna—Tiger of the Pacific—which attains a weight of 200 pounds and has been known to tow a boat for hours. The tuna visits Santa Catalina for only a few days in the year, but sea bass, yellow-tail and barracuda are plentiful the year round.

Santa Catalina is only three and one-half hours from Los Angeles and Los Angeles is only three and one-half days from Chicago via the Rock Island System. Full information on request.

## ADDRESS OF W. E. WELLS

To Steubenville Elks. Calls Forth High Praise from a Paper of That City.

The address made to the Elks of Steubenville at their memorial service Sunday was delivered by W. E. Wells, the talented orator of this city. The following from the Steubenville Ga-

zette shows that his ability shines wherever he may be:

"The address was delivered by W. E. Wells, of East Liverpool, and not in all the years that the Steubenville lodge has been in existence has there been such a beautiful memorial to departed Elks nor has there been an address that made a deeper impression upon the Elks who were assembled. It was couched in the most beautiful language and laid bare the real facts of Elksdom and its purposes, which are not alone for merely social purposes, but for even higher objects, and when Mr. Wells had completed his impressive address, there was not an Elk who was not endowed with the knowledge of the order's true meaning as it was imparted by the speaker, most beautifully. There was none of the weird picturing of death as is so often painted by memorial day speakers, but instead there was that picture that held death to be but a departure from a brief life, the rewards of which would depend on the manner in which the days on earth had been spent."

Creamery Property Sold.

Lisbon, December 8.—(Special).—The property of the Cunganon Co. Operative Creamery company, of Hanover township, was sold from the court house steps yesterday afternoon by the receiver, C. C. Connell. W. H. Hepburn bid the property in at \$300 for Ed. Firestone, of Lisbon, and William McKarns, of Hanover township. There were two other bidders.

### A PIONEER PIPE MAKER.

In the death of John Francy, Sr., which occurred at his home in Toronto Sunday evening, the life of a pioneer sewer pipe manufacturer is closed. He had been a victim of paralysis, with which he had been ailing for more than a year. When his health began to decline a year ago his family and friends realized his danger and sought in every way to prolong his life. Last spring accompanied by Dr. J. W. Collins and his grandson, John Francis III, he went to Europe in the hope of benefiting his health. After a three months' trip Mr. Francy returned home, the rest and change of scene rendering only a temporary improvement. After his return home he remained in the house the greater part of the time and was rarely seen on the streets, his failing strength and affliction rendering his getting about difficult. All that tender care and expert medical skill could do was at hand, but nothing could check the disease, and his decline was gradual until Sunday afternoon, when he passed peacefully away.

Mr. Francy was born on April 11, 1830, in County Antrim, Ireland, and came to this country in the spring of 1850, when 20 years of age, with little capital. By his energy and remarkable business talent he rose to affluence and an honorable position. He came to New York on May 12, 1850, and from there went to West Virginia. He secured employment in the brickyard of Stewart & Monsey. After several months' experience there he was engaged with G. S. Porter at Freeman's Landing, where he remained until 1858. Then he removed to New Cumberland and a year later crossed to the Ohio side of the river and took charge of the Myers' brickyard on Croxton's Run, which he operated for two years. He was the manager of the first brickyard in this vicinity. Returning to New Cumberland he subsequently leased the Stewart works which he operated for five years. After that he returned to Ohio and purchased a half interest in a saw mill from J. K. M. Stewart. In partnership with Alexander Stewart he established the Enterprise fire brick works, which had a capacity of one million bricks per annum. Francy & Stewart operated this plant for four years, and then sold out to Porter, Minor & Co. Mr. Francy later operated the works at Elliottsville, after which he established the Forest City sewer pipe works at Toronto, which he managed until 1886, when he removed to Washington, D. C.

Mr. Francy spent only five years in Washington, when he returned to Toronto, where he spent his last days with his family of children, who had but one object—to make his last days happy and comfortable. On March 26, 1900, he celebrated his golden wedding and there was probably not a happier day in the life of the old gentleman than when he was the central figure of a group of children and grandchildren and friends, whose ambition was to pay merited honor to a worthy father, grandfather, friend and benefactor. Mr. Francy worshipped at the Presbyterian church, and for 30 years he had been a ruling elder.

### RESULTS OF EXPANSION.

According to the statements of manufacturing potters there has been an unprecedented growth in the industry in the 12 months, from December, 1902, to December, 1903, the number of kilns erected and placed in operation being the greatest in history. Most of this growth has been in the west, but practically none of it in East Liverpool. Such an increase was not demanded.

by a like increase in trade and the question of consumption of the product of the new plants is a most serious one, not only to the men who own the plants, but to the workmen. President Joseph G. Lee in his address before the United States Manufacturers' association hesitated to predict the result, though his rather optimistic views led him to state that no dire disaster would likely overtake the industry. Others are not so cheerful, however, and state that the East Liverpool manufacturers and workmen will suffer, the former through loss of orders and the latter in resulting loss of work. The dozen or more new plants will merely help the older ones in turning out the ordinary quantity of ware, without creating new business. The increased number of men will do the work of the present force and all will work a less number of days in the year.

It can be seen that the plants of this city must suffer in the success of those outside, unless something can be done in the way of opening up new markets and competing where hitherto it has been impossible. The commoner kinds of dinner ware, made in Germany and Austria, have almost flooded this country because of their cheapness. This ware is delivered in America at a less cost than it can be made here, due, it is alleged, to a certain laxity in the customs regulations which permits its undervaluation or the manufacturers to sell it to themselves in this country. If this great supply could be regulated or controlled every American plant would find it difficult to keep abreast of orders.

Yet, it is argued, if perfection were reached as to the tariff and customs regulations, giving American manufacturers ample protection, the number of plants, promoted to help the sale of real estate in boom towns would keep pace and the same danger of over-production only on a greatly increased scale, would exist. Many prominent manufacturers think the only way to protect the industry is through a close alliance of those now established in the industry and by this alliance enforce certain conditions among the jobbers and dealers that will make it rough sledding for the scheme plants. The slogan of President Lee, "Let us be agreed," certainly has the right ring.

The increase in the number of kilns has required a greater number of additional operatives, who have been secured by advancement from apprentices to journeymen and from among those who have not found steady employment in other positions. While all are employed the danger does not threaten, but should disaster overtake the industry the National Brotherhood would suffer along with the manufacturer is the opinion of a prominent operative. With three or four men doing work that requires the time of but one man would certainly not prove a healthy stimulus to the spirit of unionism. The Brotherhood, in this increase in kilns, is facing one of its most serious problems in a decade.

### A Floating Hotel.

As the Greenland, the new steamer of Captain Gordon Green, will make two trips to the world's fair at St. Louis, it is conjectured by rivermen that he will convert the modern floating palace into a hotel during the greater time the fair is in session. The Greenland is especially adapted for the purpose, and if the plan is so carried out it will doubtless prove profitable.

**What You Need for Constipation.** When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. One of the cases stands on the floor and have sloping glass fronts. They are ranged on the two sides of the auditorium. Above these, on each side of the room, are sets of wall cases, with glass fronts. The cases are finished in ebony and are attractive. The rare china has been arranged in the cases with artistic effect, making the exhibit a striking one. The collection will be thrown open to public view next Friday and thereafter will be accessible to general inspection each school day and evening.

### A Floating Hotel.

As the Greenland, the new steamer of Captain Gordon Green, will make two trips to the world's fair at St. Louis, it is conjectured by rivermen that he will convert the modern floating palace into a hotel during the greater time the fair is in session. The Greenland is especially adapted for the purpose, and if the plan is so carried out it will doubtless prove profitable.

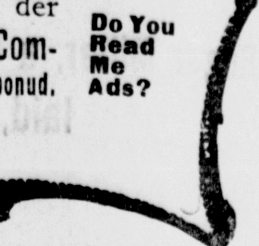

### What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. #### IMPORTANT CASE

Suit of Thompson Andrews Against the City Takes Several to Lisbon.

Quite a number of East End people left this morning for Lisbon, owing to the damage case of Thompson Andrews, Jr., vs. the city of East Liverpool coming on for hearing in common pleas court. The plaintiff claims that his property was damaged by the city when it caused Pennsylvania avenue to be graded and straightened. Similar suits against the city have been entered by property owners and the fate of all depends upon the result in this one. Should the plaintiff get a verdict it will cost the city many thousands of dollars.

Among those who left this morning for the county seat were: Walter C. Supplee, Samuel Dixon and Thompson Andrews, Jr.

#### PREPARATORY SERVICES

Will Commence At the Second U. P. Church Tomorrow Night—Session Meets Tonight.

Services preparatory to communion will be held at the Second United Presbyterian church commencing tomorrow night and continuing nightly until the end of the week. Rev. D. W. McQuiston, the pastor, will be assisted by Rev. T. H. Hanna, of the Steubenville church.

The regular meeting of the session of the church will be held tonight and will be of great importance owing to the election of officers and teachers for the Sunday school.

#### Car Obstructed the Way.

While making the run to the Smith Lumber yard last night, the East End fire wagon, in charge of Captain Terrence, almost came into collision with street car No. 7, in command of Conductor Conger. The wagon was just turning onto Pennsylvania avenue from First avenue and the car was just at the switch, failing to stop in order that the fire wagon have the right of way. The matter will be reported.

#### Will Meet Tonight.

The Jolly club, composed of a number of East End young people, will meet tonight with Misses Hauck and Heileman, of Mulberry street. The club has been devoting considerable time to playing flinch and this game will be the prime diversion tonight.

#### Miss Jones Hurt.

Miss Artie Jones, of the Klondike, employed at the American Porcelain works, sustained a painful injury to her left hand while at work yesterday. She operates a tube machine and in some way the member was caught and badly crushed.

#### Hearing Again Postponed.

There was another request for delay in the hearing of the damage case of B. A. Ornes & sons against P. Pettler & Sons and Justice L. W. Carman reset the case for Monday, December 14. Neither side is ready for the trial.

#### Will Visit Pleasant Heights.

Quite a number of members of Eureka Circle will attend the meeting of the Pleasant Heights circle tonight. Nominations for officers will be made and other important business transacted.

Canton, O., Dec. 8.—In a runaway accident Harry Smith, aged 23, was drowned and Edward Whigg, a companion, badly injured. The two men were returning to the Willig home in a light buggy when the horse frightened and started at a terrific rate down South Cherry street, which crosses Nimishillen creek in several places. The animal leaped through a clump of bushes along the roadside and buggy and occupants and horse fell into the water, between 20 and 30 feet below the level of the street. Smith was drowned, Whigg fell into the water and the horse was killed.

A man named Bartel, living a few hundred feet away, broke quarantine at his house, on account of the sickness of a member of the family with smallpox, and hastened to rescue Whigg, who was crying wildly for help. Whigg, half deranged, imagined that his brother was in the creek and a search was at once instituted. A few minutes later, however, the brother arrived on the scene and it was then realized that Whigg was out of his mind.

Bartel in the meanwhile talked of the accident to the large crowd which gathered, but when it was learned that he had come direct from a house quarantined on account of smallpox, the bystanders rushed away, and Bartel, realizing the danger of spreading the disease, hastened back home.

Smith and Whigg were out on a pleasure drive. The horse was a bad animal and had figured in several exciting runaways. Smith was employed at the Aultman works in the foundry.

It is a great affliction for a woman to have her face disfigured by pimples or any form of eruptive disease. It makes her morbid and sensitive, and robs her of social enjoyment. Disfiguring eruptions are caused by impure blood, and are entirely cured by the great blood-purifying medicine—Dr. Pierce's Golden Medical Discovery. It removes from the blood the poisonous impurities which cause disease. It perfectly and permanently cures scrofulous sores, eczema, tetter, boils, pimples and other eruptive diseases which are caused by the blood's impurity. It increases the action of the blood-making glands and thus increases the supply of pure rich blood.

"For about one year and a half my face was dreadfully broken out," writes Miss Carrie Adams, of 173 West Main street, Baltimore, Md. "I spent a great deal of money with doctors for different kinds of medicine, but received no benefit. At last I read one of your advertisements in a paper, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change and after taking three bottles I was entirely cured. I can now recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. ### Passenger Trains Endangered.

Wheeling, Dec. 8.—An attempt to destroy passenger trains on the Pennsylvania in the yards north of the Top mill was almost successful. It is believed to have been the work of recently discharged Italian and Hungarian laborers. The lights on the blocks of three switches were taken off and signals manipulated to show a clear track. Then the switches were turned in order that a train coming in either direction would run into an open switch. Passenger train No. 2, going at a high speed, ran into a switch against a coal car. The car was demolished, the engine wrecked, both ends of the first coach were crushed in, and passengers thrown from their seats and badly bruised.

### Ex-Mayor's Daughter Attacked.

Marietta, O., Dec. 8.—While going home Katherine Richardson, daughter of ex-Mayor Charles Richardson, was attacked by an unknown man. After a desperate struggle she succeeded in escaping from her assailant. Hurrying to a nearby house she related the story and was taken home. The police were notified and have since conducted a vigorous search. Peter Myers, a plumber, was arrested. Miss Richardson described her assailant as being young and dressed as a working man. Myers answers in some respects to the description. The police expect to make other arrests shortly.

J. S. HILBERT,

Notary Public.

TUESDAY, DECEMBER 8, 1903.

A boy has been injured in a "goose-pasturing" game. The thing has happened before and the wonder is that it has not happened oftener. This peculiar species of practical joking, which appears to have been indigenous to East Liverpool and never to have spread far beyond its borders, has flourished here since the city was a small village. Yet it is not a time-honored institution, for it is not honored at all. It is one of those senseless and indefensible practices which thrive in rural communities, but which an up-to-date city ought to be ashamed of. There can be no genuine sport, nor can any good end be served, by taking an unsophisticated youth and frightening him nearly to death, even if no other harm is done. But the game, as now practiced, is carried to such a pitch of recklessness that there is constant danger when a goose-pasturing party starts out that somebody will be killed. If a person who honestly believed himself the victim of a desperate attack by highwaymen or other outlaws should shoot some one of his assailants, nobody could blame him. Unfortunately, it is usually the hunted man and not the hunters who stands in most danger. The practice of this form of amusement belongs to the same category as whitecap outrages and should be treated in the same way. If the present police and mayor can break it up they will be serving the public a good turn. Assuredly it is their duty to break it up if possible, and no leniency should be shown any culprits who may be caught participating in the dangerous pastime.

The message of President Roosevelt, like all previous ones issued by him, is a logical, able and forceful paper. With confidence born of assurance founded upon full familiarity with the subjects he deals with, the president speaks eloquently and fearlessly. There is no disposition to evade any issue; on the contrary, a determined, outspoken purpose is manifested to deal with every public question in a manner that shall advance the public interests. The utterances of the pres-

ident are those of a fearless American and a patriot whom no considerations of future political preferment can influence. Each of his state papers brings out more fully the president's qualities of independence, honesty and fearlessness and all that goes to make up that principle known as backbone which all true Americans most admire.

There has been a phenomenal increase in the number of national banks in the country during the past year. This is evidence that those who deal with monetary affairs are convinced that our monetary system is sound and bound to continue so. It is also one of the most forcible evidences that the prosperity which so abounds is genuine and stable. No business in the whole country is more conservatively managed than that of banking, and when banks prosper and multiply business confidence is surely at its zenith. There would have been no such wonderful expansion of financial institutions had the investors had before them the fear that those who show a constant itching to tinker with the tariff and currency laws were likely to gain any position that would enable them to put their ideas into effect.

## OBITUARY

Miss Josephine Gorby.

The many friends of Miss Josephine Gorby were shocked this morning upon hearing of her death at Massillon. The remains reached the city today and will be buried tomorrow, the funeral to be held at the home of G. W. Campbell, 169 Fourth street at 2 o'clock. Friends who desire can view the remains this evening between the hours of 7 and 9 o'clock. Miss Gorby was a life-long resident of the city and was esteemed and beloved by all who knew her. She is survived by three sisters, Mrs. James N. Hanley, Mrs. G. W. Campbell and Miss Jane Gorby, of Lisbon, and a brother, John Gorby, of Wellsburg.

Captain Joseph Graham.

Rochester, Pa., December 8.—Captain Joseph Graham, one of the best known steamboatmen along the Ohio, died at the Beaver County General hospital yesterday morning, the result of being crushed under a portable engine that was being lowered on the lock wall at Merrill dam last Tuesday. He was born at Baker's Yards, above Monaca, November 6, 1843. He engaged in steamboating when 14 years of age and rose to the position of master and owner. Mr. Graham was a civil war veteran, having served in Company F, 140th Pennsylvania volunteer infantry, an Odd Fellow and a member of the Methodist Episcopal church.

Raymond Vandine.

Raymond, the 7-year-old son of Mr. and Mrs. A. J. Vandine, of Washington street, died last night at 8 o'clock from pneumonia after a brief illness. The funeral services will be held at the home Thursday afternoon at 2 o'clock, and the interment will be made in Riverview cemetery.

Death of an Infant.

The seven-months-old child of Mr. and Mrs. Charles C. Miller, of Erie street, East End, died this morning after an illness of about a week from brain trouble. The interment will be made tomorrow afternoon at 3:30 o'clock in Riverview cemetery.

Great Britain Will Fall in Line.

Washington, Dec. 8.—The action of Russia in recognizing the republic of Panama leaves Great Britain the only power of consequence that has not yet extended recognition or signified an intention of doing so. The British government desires to secure some pledges from the provisional government of Panama that provision will be made for the settlement of a portion of the foreign debt of Colombia held by British subjects.

Women Attack Marshals.

Hastings, Col., Dec. 8.—Eleven wives of striking coal miners attacked Marshals Hightower and Waybright while the officers were razing some shanties on the Victor Fuel company's property in the Italian quarter. Marie Vanelli struck Hightower on the head with a butcher's cleaver, nearly cutting off an ear. Other women gave Waybright a severe beating. The women were arrested.

Mother and Son Burned to Death.

Flat Rock, Mich., Dec. 8.—Mrs. Hattie Sutcliffe and her 14-year-old son were burned to death in a fire in their residence. When villagers succeeded in forcing their way into the burning building the two bodies were found on the floor near the door, to which they had evidently fought their way only to be overcome.

Insurance Agent Suicides.

## THE GRIP GERM DEVIL FISH

This ugly, ravaging bacillus sucks the heart out of the life cells, with his long tentacles, wrecking the constitution.

It was a great stroke of genius to find and photograph the Grip bacillus.

It was a greater stroke of good fortune for humanity to discover the antidote, the one thing in nature that is instant death to this virulent microbe, for the germ must be killed to cure.

This remedy is Brazilian Balm, a pleasant, constitutional balsam, which has proved a perfect germicide in Grip. It quickly subdues the fever, the inflammation in the head, throat and lungs, quiets the cough and takes the racking pains out of the chest, back and whole body.

For 20 years this marvelous remedy has been curing Grip, deep-seated colds, stubborn coughs, asthma, bronchitis, sore and ulcerated throat, the worst forms of Croup, Catarrh, etc., curing like magic where all other treatment had utterly failed.

Brazilian Balm is a perfect Antidote in the following germ diseases:

Grip—Cures in a few days and prevents pneumonia.  
Pneumonia—Clears the lungs and cures in 8 to 10 days.  
Typhoid Fever—Prevents, or cures at any stage.  
Dyspepsia—Heals the raw and ulcerated stomach.  
Catarrh, Asthma and Bronchitis.

And there are no sequellae, no tedious convalescence. They are soon as well as ever. Thousands of lives are sacrificed every year that might be saved with Brazilian Balm. It has never lost a case.

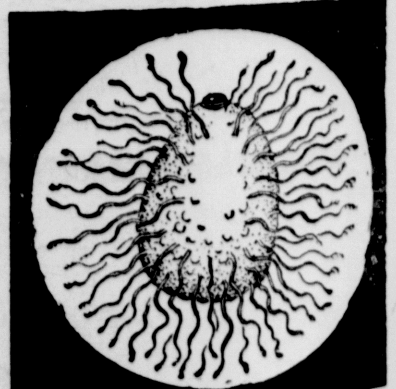

In old Grip Brazilian Balm rebuilds the shattered constitution, and restores the vigor of youth. 20 days treatment of Toxicola Tablets free with every \$1.00 bottle. This is the greatest Liver and Nerve Tonic known.

A 10c or 25c sample bottle cures a Cold, Croup or ordinary Cough like magic. But for Grip, Bronchitis, Asthma, Catarrh, Etc., get the larger bottles, stick to it faithfully and we guarantee the fullest satisfaction.

The sales of Brazilian Balm have become enormous; one city of 60,000 population taking over \$30,000.00 worth in 10 years.

### COMMUNICATION FROM WILL REED

Offer to Refund Money If Hymel Does Not Cure Catarrh.

To the Editor of the News Review:  
I have been asked recently if the advertisements printed in your columns regarding Hymel were true, where I offer to refund the money if this treatment does not cure catarrh and catarrhal deafness. I wish you would please print this letter in as conspicuous a place as possible in your paper, saying that we absolutely agree to refund the money to any purchaser of a Hymel outfit if it does not cure catarrh.

This outfit consists of an inhaler of a convenient size to be carried in the vest pocket so that the user can breathe Hymel four or five times daily. With this is included a medicine dropper and a bottle of Hymel. The outfit sells for \$1 and is a most economical treatment, for the inhaler lasts a lifetime and there is enough Hymel for several weeks' use, while extra bottles can be obtained for 50c.

I trust this letter will settle any doubts that may have arisen as to my willingness to refund the money for a Hymel outfit in case the purchaser is not perfectly satisfied.

I wish to say emphatically that my guarantee on Hymel holds good and I will refund the money to any dissatisfied purchaser who simply states that he has used the treatment according to directions and has not been helped.

Respectfully yours,

### COUNCIL HOLDS BUSY SESSION

B. D. Beacom's Successor on the Public Safety Board is Named.

### VACATION OF SIX STREETS

Is Asked But Action Deferred—Pennsylvania Belt Line And Garbage Plant Considered—Other Matters of Interest.

Council met last night in a long and important session. Over two hours were spent in discussing matters of state and planning for the future welfare of the city.

When President Crubaugh called the body to order seven members were present. Communications from various sources were read by the clerk. The city board of public service asked for several appropriations. These were discussed at considerable length. The interest on the Steubenville street improvement fund, a bill for more furniture and fixtures for the postoffice and printing bills were the subject of much talk. Member O'Grady objected to the practice of rushing bills through without itemizing them and was seconded in his remarks by others.

Mayor Fogo's communication was then read to the council. He stated that B. D. Beacom had resigned from the board of public safety and his resignation had been accepted. He asked council to confirm the nomination of J. L. Moore as the new member. This was done without a dissenting vote.

A petition was granted to several property owners on Twelfth street for a sidewalk and curb on that street.

Another petition followed praying that streets be vacated in six places. The six named places are Sixteenth, from Nevada to the C. & P. railroad; Seventeenth, from Carbon alley to the C. & P. railroad; Nineteenth, from Carbon alley to the C. & P. railroad; Twentieth, from Carbon alley to the C. & P. railroad; Petroleum, from Sixteenth to Eighteenth; Petroleum, from Eighteenth to Twentieth.

These streets were said to be unused. The petition was signed by George McGregor, J. W. Russell, W. B. Thornley, John Cox, D. Pittenger, D. A. Forbes, J. M. Blue, Emily J. Smith and Margaret Silver. The subject was thoroughly discussed and it was found that a notice of the proposed evacuation would have to be published in the papers for six weeks. A motion that the property owners interested bear the expense of publishing was lost on the ground that it would obligate the city to the property owners. The city will bear the expense.

An ordinance calling for the payment of the following bills was read and passed: Five per cent interest for Steubenville street improvement fund, \$105.84; special fund No. 1 (postoffice), \$171.60; Union Printing company, \$55.55; Record Printing company, \$83.73.

The proposed Pennsylvania railroad belt line was talked over, and it was finally decided to find out the intentions of the railroad company and act accordingly. Members of council are anxious that the line be finished, but the superintendent claimed that certain citizens obstructed its completion by the exorbitant prices they asked for their land. Solicitor Boyd wanted to go after the railroad in a legal manner and make them finish the road or revoke the franchise.

A garbage plant was considered and at the next meeting of council Robert

Burner, of East Liverpool, will be invited to be present and talk over plans with council.

Henry street property owners were present and demanded a sewer on their street. They were willing to build it themselves if necessary. It was voted to grant permission to have the sewer put in under plans of the city engineer, at the expense of the property owners at present, the city to pay for it later.

Council adjourned at 9 o'clock. A big number of spectators were present in the chamber.

### COLLEDGE'S HEARING ON THEFT CHARGE

Young Man Accused of Stealing \$125 to Appear Before the Mayor Today.

William Colledge, who was arrested charged with stealing \$125 from George Noble, was taken before Mayor Fogo yesterday afternoon and pleaded not guilty. His hearing was set for this afternoon. It is claimed that Colledge went to visit Noble, who was sick, and while there went through Noble's clothes, taking all the money there.

Noble's little daughter was in the room and saw him take something from the clothes. Later a large sum of money was found on Colledge's person and may be used as evidence.

### MISS EMMA BUNTING

Wellsville's Talented Little Actress Given a Flattering Reception at Her Home.

Vivacious and petite Emma Bunting, of whom all Wellsville is proud as an actress, gave her opening performance for the week in Cooper's opera house last night. She and her company were greeted by one of the largest audiences of the season. It is stated by those who have witnessed Miss Bunting's work in previous seasons that she has wonderfully improved in histrionic ability. She is certainly a charming little actress and puts one in mind of Maggie Mitchell, when in the heights of her glory and fame.

Encores were numerous last night, not because the little lady is from Wellsville, but really because the performance of herself and support was deserving of the praise unstintingly given her.

### Funeral of Thomas Savage.

The body of Thomas Savage, a well known C. & P. telegraph operator at Newburg, was brought to Wellsville today for burial. He was located for many years at Salineville, where he met and married Miss Musa Waugh, who with one child survives him. Three brothers, William and George, of Salineville, and Arthur, of East Liverpool, also survive him. Mrs. Savage is a sister of Elmer Waugh and Mrs. P. K. Thoms, of Wellsville. The funeral took place at the Thoms residence and was in charge of the Masons, of which order Mr. Savage was a member.

### Caught By the Police.

Terrence O'Brien, a son of Erin, who said he hailed from Steubenville, was before Mayor Fogo this morning, charged with intoxication and disorderly conduct. Mayor Fogo assessed him \$5 and he left his watch as security for payment. Mike Coreunky, a foreigner from Irondale, came to town with \$1.25 and a big jag. Officer Elliott got him and he left the dollar with the mayor this morning as a souvenir of his visit and started to walk back to Irondale. Officer Williams brought in John Noble for drunkenness. The mayor gave him the usual fine.

### Public Service Board.

The board of public service met this morning in the water works office but transacted no business of importance, except approving the order of council for new post office supplies and ordering two dozen new tomb slabs for the cemetery. Various proposed walks and pavements in the city were discussed, but no action was taken.

### COMING CONVENTION OF SUNDAY SCHOOLS

A GREAT GATHERING OF WORKERS IN THE CAUSE.

Chester Odd Fellows to Have a Lodge. News Notes of New Cumberland.

New Cumberland, December 8.—The program of the thirty-seventh annual Sunday school convention of the Hancock County Sunday School association has been completed and placed in the hands of the printer. The time set is December 30 and 31 and the place of meeting the Presbyterian church in New Cumberland. The program is made up on the plan to use only Sunday school workers, and therefore it will be purely a Sunday school convention. Hon. J. H. Atkinson will preside, and what may seem remarkable Mr. Atkinson has never missed attendance at any of these conventions. He was one of the organizers in 1866, and now for 37 years this has been one of the meetings looked forward to by the people of the county. With two exceptions these annual conventions have been held during the holidays and have been the means of meeting the Sunday school workers in the county, so that the very best results have been attained. The influence of men like A. G. DeSelle, A. P. Howard, Richard Brennan, N. B. Grafton, Rev. S. F. Grier, Rev. P. H. Jones and others, who in years that are gone were found upon the programs, has been great. W. S. Shafer, of Fairmont, the state secretary of the state organization, will be among the speakers and workers. A good convention is looked for.

The merchants are complaining that trade is getting short on account of the general shut down in the brick yards. If there should be a protracted close of the works until spring it will make hard times for some of the people. B. F. Cline, the man who promoted the recent coal deal here, was in town yesterday closing up some of the details of the deal. The evangelistic meetings held at the M. P. church closed on Sunday night after a very successful revival. The meeting for men only on Sunday afternoon was quite a success. A large audience and a very good effect were the result. At last a spirit of enterprise has been awakened. Ever since the electric light plant shut down the post-office has been in darkness. The postmaster has importuned the proprietor of the building to furnish means of lighting the building, but to no effect. The postmaster now proposes to make himself a Christmas gift in the shape of new gas lights in his office. H. G. Filson is doing the plumbing. Application to the grand lodge of West Virginia of I. O. O. F. will be made this week by a number of citizens of Chester for the purpose of the organization of a lodge. The pro-

motors of the organization are O. O. Allison, James C. Johnson, Samuel Wylie, John Newell and Enoch Kelley, Jr., who were members of Stella lodge of this village, but have withdrawn their membership to help perfect the new organization. The lodge will be instituted just as soon as the dispensation is granted.

The Marquet Coal company has laid off about 75 of its miners indefinitely. No sale of coal and the scarcity of cars are given as the reasons.

### MILL SITUATION IN STATU QUO

The Conference Failed of Results, Though Both Sides Made Propositions.

The mill situation still remains in statu quo. Two meetings were held yesterday. At the first meeting the men voted unanimously to accept a 23 per cent reduction, but the vote stood 60 to 11 against the 28 per cent reduction proposed by the mill officials through Manager Goldsmith.

At the second conference Mr. Goldsmith offered, it is said, a compromise of 27 per cent and made this his ultimatum. This proposition was also refused by the men. Those who are working are merely finishing up work in the mills that is absolutely necessary, otherwise the material would be lost. There are no reports or rumors of another conference on the matter, and it would appear that both sides are determined to carry their point. This would result in a shutdown for some time at least.

A question which came up in the mill men's meeting yesterday, where a unanimous vote was taken on the 23 per cent reduction proposition, was also that the men should do their work under what is known as the old methods.

### AGED RESIDENT IS FOUND DEAD

Harry McLaughlin, Aged About 80, Expired Suddenly at New Cumberland.

Harry McLaughlin, an old and respected citizen of New Cumberland town and Hancock county, died this morning very suddenly at his home at Moscow. Mr. McLaughlin was about 80 years old and this morning, as had been his custom, arose and lighted the fire. He lay down again and was found by members of the family dead. Life had passed away without a struggle.

### JR. O. U. A. M. SOCIAL

A Unique And Enjoyable Affair Which Was Attended By Hundreds of Guests.

The Jr. O. U. A. M. lodge No. 81 held a grand social in its hall last evening, which was attended by fully 200 people. It was one of the most successful functions yet held by the order and was purely social, it being open to the public. A feature of the evening was 21 young ladies representing different authors' work, in masquerade attire. Those in attendance were privileged to guess on their identity or from whose author their attire represented.

A book premium was given and was won by Mrs. George Pipes, of Indiana avenue. The premium, which was a handsome one, was presented to Mrs. Pipes in a neat speech by Prof. Miller of the public school. Refreshments followed later.

### BOY HURT AT PLAY

An Eight-Year-Old Lad Badly Injured By an Accidental Blow.

Dewey Height, aged 8, son of J. F. Height, of Carolina avenue, received a bad wound from a young school mate, Willie Folger, in Miss Pearl Stewart's room at the central building. The boys were indulging in play and young Folger picked up a chair, swinging it around and striking the Height boy in the mouth, cutting a frightful gash in his upper lip.

The little fellow was taken home and Dr. Donehoo summoned, who dressed his injuries. He will be compelled to remain away from school for

a number of weeks on account of the injury.

### A Dangerous Bridge.

The small bridge which crosses the New Cumberland branch at the intersection of First street and Carolina avenue, is getting in unsafe condition and an accident may result some night or day that will render Chester responsible for a suit for damages. It is a structure that has been somewhat of a dispute between council and other parties, but it is clear that the structure should be put in better shape at once.

### Aged Resident Ill.

Russell Wilkinson, aged 81, of Middle Run, is seriously ill from old age and a complication of diseases. His companion is his aged wife, who is 82 years old. The aged couple are highly respected in Chester, and all sympathize with them in their sore afflictions.

### CHESTER NOTES.

Samuel Wylie, jiggerman at Knowles' pottery, is ill.

The M. E. Sunday school is practicing for a Christmas entertainment.

Edgar Ewing, a Pittsburg motor-man, is the guest of his father, James Ewing.

Leander Smith, glaze maker at Edwin M. Knowles' pottery, who resides in Lawrenceville, is ill.

Hon. O. S. Marshall and Hon. J. R. Donehoo, of New Cumberland, were in Chester this morning on legal business.

Special services will continue at the U. P. church this week. This is the second week, and the interest is increasing.

Homer Finton, of Chester, took his saw mill outfit out near Fairview this morning, where it will be employed for a number of weeks.

William Murray and Miss Ola Ewing, living near Asbury chapel, will be quietly married tomorrow at the home of the bride's parents in that vicinity. Both are popular young people and well known in Chester and vicinity.

The suit of S. M. Bougher, of near the Pennsylvania line, versus J. F. Height, on a promissory note on attachment of money in the hands of the Pan-American Oil & Gas company, will be heard in Squire Pugh's court on December 12.

### THE SCHOOL LEVY MAY BE RAISED

OBJECT IS TO GIVE MORE MONEY TO POOR DISTRICTS.

A Proposition Advanced By Educators May Lead to a Fight in the Legislature.

The appeal made by certain prominent educators for more money for the poorer counties in the state for educational purposes, may have a worthy enough object, but raises an important question of justice.

The proposition is to increase the state levy for school purposes, and thus provide more funds for those counties which are too poor to maintain their own schools. The plan does not alter the present unfair system of maintaining the public schools. It merely is an extension of it and that too in an aggravating form.

Under the present system there are a number of counties which draw out of the state treasury for school purposes considerably more than they put into it year after year. This surplus must come from somewhere, says the Columbus Dispatch. It must come from those counties who draw out of the state treasury less each year than they put into it.

Franklin county belongs to this latter class. This county uniformly has turned into the state treasury more money than it has taken out for school purposes. In other words, hard up for school funds, it is not permitted to get the benefit of all it raises by the school levy. While school debts are being created here, this county is annually sharing its school funds with other counties, where school enumerations show them to be entitled to more money than they pay into the treasury.

That there will be strenuous opposition to increasing the school levy while these conditions exist there is no doubt. If there is to be a change in the school levy it ought to be to the end that a more equitable method of distribution is adopted. There is a good deal of sentiment in favor of the policy in the matter of levying taxes for school purposes, so far as this may be possible under the constitution.

It is the belief of most people that every county ought to maintain its own schools. Against this, however, the argument is made that some counties are not able to do this and that the consequence of such a system would be the absence entirely of adequate public school education in all such counties. It is argued that many poor counties need help and that it is the duty of the state at large to provide it. That may be the generous notion of meeting the situation, yet it is difficult to see justice in compelling a county like Franklin, for instance, whose school fund is inadequate for its own work, at best, to give a large part of its income to others.

## Fined \$200 for Fatal Shooting.

Canton, O., Dec. 8.—Andrew Leidig was fined \$200 and costs for the fatal shooting of little Minnie Barnett. Leidig was shooting at a target last summer, when a stray shot struck and killed the girl. Leidig was indicted for manslaughter, but numerous petitions and requests for leniency were made to the court, resulting in the acceptance of a plea of guilty of assault and battery.

This banquet and observance will be a repetition of the McKinley memorial held in Canton on the date named a year ago.

COMMUNICATION  
FROM WILL REED

Offer to Refund Money If Hyomei Does Not Cure Catarrh.

To the Editor of the News Review: I have been asked recently if the advertisements printed in your columns regarding Hyomei were true, where I offer to refund the money if this treatment does not cure catarrh and catarrhal deafness. I wish you would please print this letter in as conspicuous a place as possible in your paper, saying that we absolutely agree to refund the money to any purchaser of a Hyomei outfit if it does not cure catarrh.

This outfit consists of an inhaler of a convenient size to be carried in the vest pocket so that the user can breathe Hyomei four or five times daily. With this is included a medicine dropper and a bottle of Hyomei. The outfit sells for \$1 and is a most economical treatment, for the inhaler lasts a lifetime and there is enough Hyomei for several weeks' use, while extra bottles can be obtained for 50c.

I trust this letter will settle any doubts that may have arisen as to my willingness to refund the money for a Hyomei outfit in case the purchaser is not perfectly satisfied.

I wish to say emphatically that my guarantee on Hyomei holds good and I will refund the money to any dissatisfied purchaser who simply states that he has used the treatment according to directions and has not been helped.

Respectfully yours,

COUNCIL HOLDS  
BUSY SESSION

B. D. Beacom's Successor on the Public Safety Board is Named.

## VACATION OF SIX STREETS

Is Asked But Action Deferred—Pennsylvania Belt Line And Garbage Plant Considered—Other Matters of Interest.

Council met last night in a long and important session. Over two hours were spent in discussing matters of state and planning for the future welfare of the city.

When President Crubaugh called the body to order seven members were present. Communications from various sources were read by the clerk. The city board of public service asked for several appropriations. These were discussed at considerable length. The interest on the Steubenville street improvement fund, a bill for more furniture and fixtures for the postoffice and printing bills were the subject of much talk. Member O'Grady objected to the practice of rushing bills through without itemizing them and was seconded in his remarks by others.

Mayor Fogo's communication was then read to the council. He stated that B. D. Beacom had resigned from the board of public safety and his resignation had been accepted. He asked council to confirm the nomination of J. L. Moore as the new member. This was done without a dissenting vote.

A petition was granted to several property owners on Twelfth street for a sidewalk and curb on that street.

Another petition followed praying that streets be vacated in six places. The six named places are Sixteenth, from Nevada to the C. & P. railroad; Seventeenth, from Carbon alley to the C. & P. railroad; Nineteenth, from Carbon alley to the C. & P. railroad; Twentieth, from Carbon alley to the C. & P. railroad; Petroleum, from Sixteenth to Eighteenth; Petroleum, from Eighteenth to Twentieth.

These streets were said to be unused. The petition was signed by George McGregor, J. W. Russell, W. B. Thornley, John Cox, D. Pittenger, D. A. Forbes, J. M. Blue, Emily J. Smith and Margaret Silver. The subject was thoroughly discussed and it was found that a notice of the proposed evacuation would have to be published in the papers for six weeks. A motion that the property owners interested bear the expense of publishing was lost on the ground that it would obligate the city to the property owners. The city will bear the expense.

An ordinance calling for the payment of the following bills was read and passed: Five per cent interest for Steubenville street improvement fund, \$105.84; special fund No. 1 (postoffice), \$171.60; Union Printing company, \$55.55; Record Printing company, \$63.73.

The proposed Pennsylvania railroad belt line was talked over, and it was finally decided to find out the intentions of the railroad company and act accordingly. Members of council are anxious that the line be finished, but the superintendent claimed that certain citizens obstructed its completion by the exorbitant prices they asked for their land. Solicitor Boyd wanted to go after the railroad in a legal manner and make them finish the road or revoke the franchise.

A garbage plant was considered and at the next meeting of council Robert

Burner, of East Liverpool, will be invited to be present and talk over plans with council.

Henry street property owners were present and demanded a sewer on their street. They were willing to build it themselves if necessary. It was voted to grant permission to have the sewer put in under plans of the city engineer, at the expense of the property owners at present, the city to pay for it later.

Council adjourned at 9 o'clock. A big number of spectators were present in the chamber.

COLLEDGE'S HEARING  
ON THEFT CHARGE

Young Man Accused of Stealing \$125 to Appear Before the Mayor Today.

William Colledge, who was arrested charged with stealing \$125 from George Noble, was taken before Mayor Fogo yesterday afternoon and pleaded not guilty. His hearing was set for this afternoon. It is claimed that Colledge went to visit Noble, who was sick, and while there went through Noble's clothes, taking all the money there.

Noble's little daughter was in the room and saw him take something from the clothes. Later a large sum of money was found on Colledge's person and may be used as evidence.

## MISS EMMA BUNTING

Wellsville's Talented Little Actress Given a Flattering Reception at Her Home.

Vivacious and petite Emma Bunting, of whom all Wellsville is proud as an actress, gave her opening performance for the week in Cooper's opera house last night. She and her company were greeted by one of the largest audiences of the season. It is stated by those who have witnessed Miss Bunting's work in previous seasons that she has wonderfully improved in histrionic ability. She is certainly a charming little actress and puts one in mind of Maggie Mitchell, when in the heights of her glory and fame.

Encores were numerous last night, not because the little lady is from Wellsville, but really because the performance of herself and support was deserving of the praise unstintingly given her.

## Funeral of Thomas Savage.

The body of Thomas Savage, a well known C. & P. telegraph operator at Newburg, was brought to Wellsville today for burial. He was located for many years at Salineville, where he met and married Miss Musa Waugh, who with one child survives him. Three brothers, William and George, of Salineville, and Arthur, of East Liverpool, also survive him. Mrs. Savage is a sister of Elmer Waugh and Mrs. P. K. Thoms, of Wellsville. The funeral took place at the Thoms residence and was in charge of the Masons, of which order Mr. Savage was a member.

## Caught By the Police.

Terrence O'Brien, a son of Erin, who said he hailed from Steubenville, was before Mayor Fogo this morning, charged with intoxication and disorderly conduct. Mayor Fogo assessed him \$5 and he left his watch as security for payment. Mike Coreunky, a foreigner from Irondale, came to town with \$1.25 and a big jag. Officer Elliott got him and he left the dollar with the mayor this morning as a souvenir of his visit and started to walk back to Irondale. Officer Williams brought in John Noble for drunkenness. The mayor gave him the usual fine.

## Public Service Board.

The board of public service met this morning in the water works office but transacted no business of importance, except approving the order of council for new post office supplies and ordering two dozen new tomb slabs for the cemetery. Various proposed walks and pavements in the city were discussed, but no action was taken.

COMING CONVENTION  
OF SUNDAY SCHOOLS

A GREAT GATHERING OF WORKERS IN THE CAUSE.

Chester Odd Fellows to Have a Lodge. News Notes of New Cumberland.

New Cumberland, December 8.—The program of the thirty-seventh annual Sunday school convention of the Hancock County Sunday School association has been completed and placed in the hands of the printer. The time set is December 30 and 31 and the place of meeting the Presbyterian church in New Cumberland. The program is made up on the plan to use only Sunday school workers, and therefore it will be purely a Sunday school convention. Hon. J. H. Atkinson will preside, and what may seem remarkable Mr. Atkinson has never missed attendance at any of these conventions. He was one of the organizers in 1866, and now for 37 years this has been one of the meetings looked forward to by the people of the county. With two exceptions these annual conventions have been held during the holidays and have been the means of meeting the Sunday school workers in the county, so that the very best results have been attained. The influence of men like A. G. DeSelle, A. P. Howard, Richard Breneman, N. B. Grafton, Rev. S. F. Grier, Rev. P. H. Jones and others, who in years that are gone were found upon the programs, has been great. W. S. Shafer, of Fairmont, the state secretary of the state organization, will be among the speakers and workers. A good convention is looked for.

The merchants are complaining that trade is getting short on account of the general shut down in the brick yards. If there should be a protracted close of the works until spring it will make hard times for some of the people.

B. F. Cline, the man who promoted the recent coal deal here, was in town yesterday closing up some of the details of the deal.

The evangelistic meetings held at the M. P. church closed on Sunday night after a very successful revival. The meeting for men only on Sunday afternoon was quite a success. A large audience and a very good effect were the result.

At last a spirit of enterprise has been awakened. Ever since the electric light plant shut down the post-office has been in darkness. The postmaster has importuned the proprietor of the building to furnish means of lighting the building, but to no effect.

The postmaster now proposes to make himself a Christmas gift in the shape of new gas lights in his office. H. G. Filson is doing the plumbing.

Application to the grand lodge of West Virginia of I. O. O. F. will be made this week by a number of citizens of Chester for the purpose of the organization of a lodge. The pro-

moters of the organization are O. O. Allison, James C. Johnson, Samuel Wylie, John Newell and Enoch Reiley, Jr., who were members of Stella lodge of this village, but have withdrawn their membership to help perfect the new organization. The lodge will be instituted just as soon as the dispensation is granted.

The Marquet Coal company has laid off about 75 of its miners indefinitely. No sale of coal and the scarcity of cars are given as the reasons.

MILL SITUATION  
IN STATU QUO

The Conference Failed of Results, Though Both Sides Made Propositions.

The mill situation still remains in statu quo. Two meetings were held yesterday. At the first meeting the men voted unanimously to accept a 23 per cent reduction, but the vote stood 60 to 11 against the 28 per cent reduction proposed by the mill officials through Manager Goldsmith.

At the second conference Mr. Goldsmith offered, it is said, a compromise of 27 per cent and made this his ultimatum. This proposition was also refused by the men. Those who are working are merely finishing up work in the mills that is absolutely necessary, otherwise the material would be lost. There are no reports or rumors of another conference on the matter, and it would appear that both sides are determined to carry their point. This would result in a shutdown for some time at least.

A question which came up in the mill men's meeting yesterday, where a unanimous vote was taken on the 23 per cent reduction proposition, was also that the men should do their work under what is known as the old methods.

## INVASION OF ISTHMUS

**Rumor Has It That Colombian Troops Are Marching Toward Panama.**

### U.S. GUNBOATS RECONNOITERING

**Expeditions Examine Both Coasts—Panamanians Aiding Efforts—Troops Will Have Trouble Penetrating Indian Country.**

Colon, Dec. 8.—A rumor is in circulation here to the effect that 3,000 soldiers have left Cartagena for the purpose of invading the isthmus. No details are known and the rumor cannot be confirmed. It probably has its source in Port Limon, Costa Rica, where it was brought by steamer from Cartagena. The only possible means of approaching Panama is by narrow and difficult mountain passes through the Indian country. The United States cruiser Atlanta is now off the Indian coast.

Colon, Dec. 8.—Following instructions received Dec. 4 from the navy department, United States gunboats on both sides of the isthmus have started or are starting on reconnoitering expeditions along the coasts, principally in the direction of Colombia for the purpose of ascertaining the condition of the trails and roads between the Panama and Colombia frontiers, the facilities of the country for sustaining expeditions marching on Panama and to generally determine the United States' best course of action in case of Colombian invasion of the isthmus, and also to learn the attitude of the various Indian tribes inhabiting both coasts. The cruiser Atlanta has gone to San Blas for this purpose and probably will continue to the gulf of Darien. Another vessel will be sent to San Miguel, on the Pacific, and a third to David, also on the Pacific, but towards Costa Rica, to look over the local conditions at Chiriqui and make a show of force, if it is thought necessary, and study the possibility of Colombia's landing small schooner expeditions at Chiriqui from southern points.

**Panamanians Are Alert.**  
The Panamanian authorities are aiding these efforts. They have sent several parties on both sides of the isthmus to seek information and watch possible movements on the part of Colombia. One such party was sent out from Colon in a small sloop, which was probably lost near Mearmar, on the San Blas coast. The boat was found bottom upward and its occupants missing. No reports have been received from these parties to indicate that any warlike movements are taking place. Panamanian expeditions on the Pacific side are destroying canoes, etc., found in the rivers for the purpose of hindering the movements of Colombians who might attempt to come down the rivers.

Efforts are being made by these Panamanian parties to cover the Atlantic coast as far as the gulf of Darien and the mouth of the Atrato river, which is in Colombian territory. A cable from Buenaventura says that all is quiet there and that there is no indication on the part of the Colombian government to move troops in any direction. The Colombian gunboat Bogota, which is still at Buenaventura without coal, is considered quite harmless.

The United States ship Culgoa has arrived here. The auxiliary cruiser Dixie will land a company of marines, who will go into camp at Empire station near Culgoa cut. The battleship Maine is coaling near Bocas del Toro.

**Non-Unionists Ambushed.**  
Trinidad, Col. Dec. 8.—A sheriff and a posse with bloodhounds went on a special locomotive to Primero in response to a message saying that five non-union miners had been ambushed. One of the non-union party was shot in the foot, but made his way to Primero and gave the alarm. He did not know whether the rest of the non-union men had been killed or wounded, but they had not arrived at Primero. The sheriff will be joined by 50 deputies at Primero.

**Pest House Burglarized.**  
Fort Wayne, Ind., Dec. 8.—The city pest house, just beyond the city limits, was burglarized and nearly everything conveniently portable, including the bedding, was carried away. Until recently the house had been for several months almost constantly occupied with smallpox patients. It is not believed the robbers knew the character of the place they were burglarizing.

**Negro Narrowly Escaped Lynching.**  
St. Louis, Dec. 8.—Joe Irwin, a negro, aged 32, narrowly escaped violent treatment at the hands of a mob in East St. Louis, following the shooting of Edward Lawson, a white man, aged 30, whose home is in Mount Vernon, Ill. Quick work by policemen saved the negro and landed him unharmed in the police station. Lawson is not expected to live.

**Oil Company Increases Capital.**  
Albany, N. Y., Dec. 8.—The Standard Oil company of New York city filed with the secretary of state a certificate of increase of capital stock from \$7,000,000 to \$15,000,000. This is a subsidiary corporation of the Standard Oil company of New Jersey, the capital of which is \$96,000,000.

### ASSOCIATION GAME NEXT SATURDAY

**Rock Springs Park Will Be Scene of a Great And Thrilling Contest.**

The great Roscoe foot ball team will play the Homer Laughlin team at Rock Springs park on next Saturday afternoon for the championship of the association players of the state. Great interest is being manifested in the game, as the struggle will be for blood. The local bunch will strain every effort to lower the colors of the Roscoe aggregation, who have not lost a single game during the last three years. The majority of the ladies in the employ of the Laughlin company have announced their intention of being present at the game and consequently the Laughlin colors, red and black, will be much in evidence in the form of rosettes and ribbons. Quite a crowd of Roscoe rooters will also be on the field and this will give plenty of enthusiasm to the game.

One of the features of the game will be the playing of Jack Godwin, the old Laughlin star, who has been sick, but who has agreed to stoutly defend the home goal Saturday.

The teams will strip in the pink of condition and the lineups will be as follows:

East Liverpool—Backs, H. Thompson and M. Brownlow; half backs, W. Pope, G. Tucker and E. Roe; forwards, right wing, Bowers and A. Brown; left wing, G. Hall and W. Challinor; center, J. Davis; linesman, Harry Foster.

Roscoe—goal, A. Wick; backs, I. Ferguson and O. Ferguson; half backs, R. Ackinlose, P. Ferguson and P. Rooney; forwards, right wing, Hall and Hayes; left wing, Fletcher and Brown; center, G. Wick; linesman, J. McGinnis.

**SPORTING MISCELLANY.**  
The general opinion appears to be that the foul strike rule will stand.

Marty Hogan has leased Southside park at Youngstown and will run a club there next season.

Charles Neary, the Milwaukee featherweight who drew with Jack McCall, of Pittsburgh, Friday evening, is matched to fight Kid Broad at Milwaukee.

Washington wants to secure John Ganzell from the New York Americans. The first baseman is anxious for the trade to be made, as he says he can not do himself justice in the metropolis.

The Cleveland base ball club has signed Willie O'Hara, now playing in the outfield for the Oakland (Pa.) team to play center field next year. This completes the makeup of the Cleveland team.

"The Rooters" that Boston organization of enthusiasts that traveled to Pittsburgh and saw the Pirates walloped, have formed a club. They gave their first annual concert and ball at the Hub one evening last week.

**Miss Nellie Holmes, treasurer of the Young Woman's Temperance Association of Buffalo, N.Y., strongly advises all suffering women to rely, as she did, upon Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—Your medicine is indeed an ideal woman's medicine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back ached, I had bearing-down pains and frequent headaches. I would often wake from restless sleep, and in such pain that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians, hoping to get relief, but, finding that their medicine did not seem to cure me, I tried your Vegetable Compound on the recommendation of a friend from the East who was visiting me. I am glad that I followed her advice, for every ache and pain is gone, my health is much improved. I have a fine appetite and have gained in flesh. My earnest advice to suffering women is to put aside all other medicines and to take Lydia E. Pinkham's Vegetable Compound."—Miss NELLIE HOLMES, 540 No. Division St., Buffalo, N.Y. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

**Climatic Cures.**  
The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup. So is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At all druggists.

# Baby Mine

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of Mother's Friend. "It is worth its weight in gold," says many who have used it. \$1.00 per bottle at drug stores. Book containing valuable information of interest to all women, will be sent to any address free upon application to **BRADFIELD REGULATOR CO., Atlanta, Ga.**

## INVASION OF ISTHMUS

**Rumor Has It That Colombian Troops Are Marching Toward Panama.**

### U. S. GUNBOATS RECONNOITERING

**Expeditions Examine Both Coasts—Panamanians Aiding Efforts—Troops Will Have Trouble Penetrating Indian Country.**

Colon, Dec. 8.—A rumor is in circulation here to the effect that 3,000 soldiers have left Cartagena for the purpose of invading the isthmus. No details are known and the rumor cannot be confirmed. It probably had its source in Port Limon, Costa Rica, where it was brought by steamer from Cartagena. The only possible means of approaching Panama is by narrow and difficult mountain passes through the Indian country. The United States cruiser Atlanta is now off the Indian coast.

Colon, Dec. 8.—Following instructions received Dec. 4 from the navy department, United States gunboats on both sides of the isthmus have started or are starting on reconnoitering expeditions along the coasts, principally in the direction of Colombia, for the purpose of ascertaining the condition of the trails and roads between the Panama and Colombia frontiers, the facilities of the country for sustaining expeditions marching on Panama and to generally determine the United States' best course of action in case of Colombian invasion of the isthmus, and also to learn the attitude of the various Indian tribes inhabiting both coasts. The cruiser Atlanta has gone to San Blas for this purpose and probably will continue to the gulf of Darien. Another vessel will be sent to San Miguel, on the Pacific, and a third to David, also on the Pacific, but towards Costa Rica, to look over the local conditions at Chiriqui and make a show of force, if it is thought necessary, and study the possibility of Colombia's landing small schooner expeditions at Chiriqui from southern points.

**Panamanians Are Alert.**

The Panamanian authorities are aiding those efforts. They have sent several parties on both sides of the isthmus to seek information and watch possible movements on the part of Colombia. One such party was sent out from Colon in a small sloop, which was probably lost near Meamar, on the San Blas coast. The boat was found bottom upward and its occupants missing. No reports have yet been received from these parties to indicate that any warlike movements are taking place. Panamanian expeditions on the Pacific side are destroying canoes, etc., found in the rivers for the purpose of hindering the movements of Colombians who might attempt to come down the rivers. Efforts are being made by these Panamanian parties to cover the Atlantic coast as far as the gulf of Darien and the mouth of the Atlatro river, which is in Colombian territory.

A cable from Buenaventura says that all is quiet there and that there is no indication on the part of the Colombian government to move troops in any direction. The Colombian gunboat Bogota, which is still at Buenaventura without coal, is considered quite harmless.

The United States ship Culgoa has arrived here. The auxiliary cruiser Dixie will land a company of marines, who will go into camp at Empire station near Culahra cut. The battleship Maine is coaling near Bocas del Toro.

**Non-Unionists Ambushed.**

Trinidad, Col., Dec. 8.—A sheriff and a posse with bloodhounds went on a special locomotive to Primerio in response to a message saying that five non-union miners had been ambushed. One of the non-union party was shot in the foot, but made his way to Primerio and gave the alarm. He did not know whether the rest of the non-union men had been killed or wounded, but they had not arrived at Primerio. The sheriff will be joined by 50 deputies at Primerio.

**Pest House Burglarized.**

Fort Wayne, Ind., Dec. 8.—The city pest house, just beyond the city limits, was burglarized and nearly everything conveniently portable, including the bedding, was carried away. Until recently the house had been for several months almost constantly occupied with smallpox patients. It is not believed the robbers knew the character of the place they were burglarizing.

**Negro Narrowly Escaped Lynching.**

St. Louis, Dec. 8.—Joe Irwin, a negro, aged 32, narrowly escaped violent treatment at the hands of a mob in East St. Louis, following the shooting of Edward Lawson, a white man, aged 30, whose home is in Mount Vernon, Ill. Quick work by policemen saved the negro and landed him unharmed in the police station. Lawson is not expected to live.

**Oil Company Increases Capital.**

Albany, N. Y., Dec. 8.—The Standard Oil company of New York city filed with the secretary of state a certificate of increase of capital stock from \$7,000,000 to \$15,000,000. This is a subsidiary corporation of the Standard Oil company of New Jersey, the capital of which is \$96,000,000.

## REALM OF SPORTS

### ASSOCIATION CAME NEXT SATURDAY

**Rock Springs Park Will Be Scene of a Great And Thrilling Contest.**

The great Roscoe foot ball team will play the Homer Laughlin team at Rock Springs park on next Saturday afternoon for the championship of the association players of the state. Great interest is being manifested in the game, as the struggle will be for blood. The local bunch will strain every effort to lower the colors of the Roscoe aggregation, who have not lost a single game during the last three years. The majority of the ladies in the employ of the Laughlin company have announced their intention of being present at the game and consequently the Laughlin colors, red and black, will be much in evidence in the form of rosettes and ribbons. Quite a crowd of Roscoe rooters will also be on the field and this will give plenty of enthusiasm to the game.

One of the features of the game will be the playing of Jack Godwin, the old Laughlin star, who has been sick, but who has agreed to stoutly defend the home goal Saturday.

The teams will strip in the pink of condition and the lineups will be as follows:

East Liverpool—Backs, H. Thompson and M. Brownlow; half backs, W. Pope, G. Tucker and E. Roe; forwards, right wing, Bowers and A. Brown; left wing, G. Hall and W. Challinor; center, J. Davis; linesman, Harry Foster.

Roscoe—goal, A. Wick; backs, I. Ferguson and O. Ferguson; half backs, R. Ackincklose, P. Ferguson and P. Rooney; forwards, right wing, Hall and Hayes; left wing, Fletcher and Brown; center, G. Wick; linesman, J. McGinnis.

### SPORTING MISCELLANY.

The general opinion appears to be that the foul strike rule will stand.

Marty Hogan has leased Southside park at Youngstown and will run a club there next season.

Charles Neary, the Milwaukee featherweight who drew with Jack McCall, of Pittsburg, Friday evening, is matched to fight Kid Broad at Milwaukee.

Washington wants to secure John Gansell from the New York Americans. The big first baseman is anxious for the trade to be made, as he says he can not do himself justice in the metropolis.

The Cleveland base ball club has signed Willie O'Hara, now playing in the outfield for the Oakland (Pa.) team to play center field next year. This completes the makeup of the Cleveland team.

"The Rooters" that Boston organization of enthusiasts that traveled to Pittsburg and saw the Pirates walloped, have formed a club. They gave their first annual concert and ball at the Hub one evening last week.

### PROBATE COURT

**Miss Nellie Holmes, treasurer of the Young Woman's Temperance Association of Buffalo, N.Y., strongly advises all suffering women to rely, as she did, upon Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—Your medicine is indeed an ideal woman's medicine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back ached, I had bearing-down pains and frequent headaches. I would often wake from restful sleep, and in such pain that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians, hoping to get relief, but finding that their medicine did not seem to cure me. I tried your Vegetable Compound on the recommendation of a friend from the East who was visiting me. "I am glad that I followed her advice, for every ache and pain is gone, and not only this, but my general health is much improved. I have a fine appetite and have gained in flesh. My earnest advice to suffering women is to put aside all other medicines and to take Lydia E. Pinkham's Vegetable Compound."—Miss NELLIE HOLMES, 540 No. Division St., Buffalo, N.Y. \$5.00 per bottle (original of above letter proving genuineness cannot be produced).

with him and the gun, striking the ground, was discharged, the wound proving fatal.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists. Hall's Family Pills are the best.

### Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At all druggists.

## SOCIAL EVENTS

**Rummage Sale a Success.**  
The ladies' auxiliary of the Y. M. C. A. last evening closed the rummage sale which has been in progress on Market street for several weeks. The sale was the most successful from every standpoint ever conducted by any organization. The ladies are especially gratified since the receipts from the sale will enable them to discharge the last obligation they owe the parent organization. The auxiliary pledged itself to raise a certain sum to go toward paying off the debt owed by the association and is very grateful to the ladies and firms or donations, and to every one who assisted in making the sale a success.

**Arranging for a Social.**  
The social committee of Supt. Rayman's Sunday school class of the First Presbyterian church will meet this evening at 8 at the home of Miss Florence Hall on Fourth street to make arrangements for a social which will be given next week at the home of J. C. Ross. The social will be given only for Mr. Rayman's class and at the meeting tonight much will be planned to make the event entertaining.

**Girls Will Play Basket Ball.**  
The Girls' Friendly Society of St. Stephen's church will be entertained this evening at the home of Mrs. Arthur Lowe, on Trentvale street. At the social meeting this evening the girls will organize a basket ball team.

**Missionary Society Meeting.**  
The Missionary society of St. Stephen's church will meet tomorrow afternoon at 2 o'clock and pack a missionary box for the benefit of a mission in South Carolina. The box will be an acceptable Christmas gift.

**Regular Meeting.**  
The Young Ladies' Missionary society of the First Presbyterian church last evening held the regular business meeting for the month. A brief program and important business made the meeting one of interest.

**New Year's Ball.**  
Lisbon, December 8.—(Special.)—The Young Men's Lyceum of Lisbon will give its annual ball in Smith's hall on Friday evening, January 1. The Mahoning orchestra of Youngstown has been engaged.

## HOME AFFAIRS

**Brief Notes of a Personal Nature and of Matters About Town.**

**W. C. T. U. Meetings.**—The regular meeting of the W. C. T. U. will be held at the home of Mrs. Little in the Diamond at 7:30 this evening.

**New Communicants.**—At St. Aloysius' Catholic church this morning nearly 100 boys and girls took their first communion. A large audience was present and the ceremony was impressive and beautiful.

**Salvation Army Rallies.**—A series of four meetings beginning tonight will be held at the Salvation Army barracks which will be conducted by William Huff and Bud Robinson, two well known and efficient workers.

**Salvation Army Aids.**—Captain and Mrs. Gare, of the Michigan division of the Salvation Army, will arrive here tonight and discussed plans for the immediate future. Captain Gare taking the relief work. This leaves Adjutant Snider more time to devote to general army work.

**Y. M. C. A. Directors Meet.**—The Y. M. C. A. directors held a meeting last night and discussed plans for the improvement of the association buildings. The work of the association was also discussed and Secretary Pollard presented his report for November. Ex-Secretary M. C. Wright and State Secretary George S. Budd were present.

**Looking for His Wife.**—William H. Tuttle, of Deerlick, Greene county, Pa., a Spanish-American war soldier, has been here looking for his wife, but after several days' search, was unable

**Special Services.**—Services are being conducted at the United Presbyterian church this week. The attendance has been unusually large, and the meetings have been very interesting. Rev. C. D. Fulton, of Canonsburg, Pa., is assisting Rev. Dr. Taggart, and has made a good impression. Rev. Mr. Fulton will remain throughout the week.

## AN ARREST IS EXPECTED IN THE DYNAMITE CASE

Continued from First Page.

show that the motives of the inhuman perpetrator was clearly murder, and are more harrowing than were given exclusively in these columns at the time. Two huge sticks of the explosive were placed several feet apart just under the edge of the porch. One cartridge contained a short fuse and the other a much longer one. It was the fiend's intention to light both fuses at once and when the stick containing the short fuse exploded it would naturally alarm the inmates of the house. It was hoped the old man would rush to the door to ascertain the cause of the noise when the second load would be exploded and kill him. But both sticks went off at once. The Wern family and their friends are determined to have the guilty ones brought to justice.

**Ford Case Continued.**  
Lisbon, December 8.—(Special.)—Word comes from Youngstown today that the famous Ford criminal case, the hearing on which was to have commenced at Warren next week, has been continued until the next term of court. In that event there may be assignments for two more weeks of court here this term.

**Lumber Yard Fire.**  
Fire broke out about 9 o'clock last night at the J. T. Smith Lumber company yards and destroyed the stock house and the tin shop over the stable. Prompt work by the department prevented greater damage.

## BARNHILL HAS ARRIVED HOME

LATEST VERSION OF HIS TROUBLE AT COLUMBIANA.

Salineville News Notes and Other Matters of Interest in That Vicinity.

Salineville, December 8.—(Special.)—John Barnhill, who figured in the Columbian episode Saturday, is at his home at Monroeville, one mile south of town, and is in no wise injured by the shot that was supposed to have penetrated his leg. The story current in Salineville is that Barnhill left Saturday evening for points up the line, and Seward Saltsman, who is a carpenter, working for Contractor William Smith, took the same train for his home in Columbiana. Neither of the men saw each other on the road to Saltsman's home until they had reached that point. Saltsman detected Barnhill as he left the train, and followed him to his home. Saltsman found the door locked when he arrived and soon had the door down and was in the room where Mrs. Saltsman was sitting. While Saltsman was gaining an entrance to his home Barnhill was escaping through the rear door post haste. Saltsman while running through the house caught up his shot gun and took after Barnhill and fired the contents of the barrel at his fleeing former friend. Barnhill was unconcerned and stopped at a hotel for the night. In the morning he went down to the livery stable and engaged a rig to drive him to Leetonia where he took the train for Salineville. In the meantime Saltsman had been locked up. Saltsman was in Salineville early this morning. It is said, but was not to be seen on the streets through the day. The men were boys together and were raised side by side. Barnhill is a widower and works at the Slope mine.

J. P. Gill, superintendent for C. A. Sims & Co., contractors on the C. & P. double track here, is in the village personally looking over the work. If nothing happens to deter the work the contractors will finish by the middle of February, but the office will be kept open here until the middle of the summer, cleaning and finishing small details. About 75 men will be kept here after the large force is through. Thousands of dollars have been paid out this summer and the local dealers have been fortunate in getting a portion of it, though much of the money paid to the foreigners went back to Italy, and as a consequence the postoffice business has been materially increased. It may increase the salary attached to the office.

Dr. A. W. Myers, a dentist here, has received a call from the official board of the Christian church to fill the pulpit in the church here. This is the church that has been having the trouble with Rev. E. W. Reinhart, who has a suit pending in the common pleas court against J. R. Griffith and wife for slander.

Farmers residing in the vicinity of Brush creek, Jefferson county, held a mass meeting in the Brush creek school house last Saturday evening to canvas the matter of leasing their lands for coal. An agent of a big coal company has been in the vicinity looking after lands. The farmers have leased their lands so often that they thought it best to have a mass meeting and all agree. Nothing was decided at the meeting, but another meeting will be held next Saturday evening at the school house.

The wedding of Walter Henderson and Miss Eva Rowe will take place Wednesday evening at the home of the bride's parents. Rev. S. A. Perego, pastor of the M. E. church, will perform the ceremony.

Jennie Hunter, the daughter of J. W. Hunter, aged 15, is confined to her home from rheumatism in both feet. She is unable to walk.

Tip Queen, sheriff-elect of Carroll county, is getting his business in shape to move to the county seat soon. He will take his office the first Monday in January.

The ladies of the Presbyterian church will hold a bazaar in the Fanelli building Friday and Saturday.
